GREAT MEDITATION AND CLEARING FOR THE NEW YEAR 2009

“THE TRANSMITTER YEAR 2009- THE YEAR OF THE CONCRETE TRANSFORMATION”

CHANNELINGS FROM THE NEW YEAR MEDITATIONS

Centre on the Energy of the New Year 2009 and focus on the installation of an opening of energy for the New Year. Each one of you will be asked if he/she is ready to take over a certain responsibility for the quality of the year and what he/she is willing to contribute.

The Year 2009 is the **YEAR OF THE CONCRETE REALIZATION** of the conclusions that have already been drawn. It is the year in which all that has already been perceived as not being harmonious and right, wants to be changed concretely.

The Year 2008 has prepared and shown a lot, it has given a lot of impulse. With the Year 2009 a gate to a totally new band of frequencies opens. By installing the **LIQUID CRYSTALLINE RETICULE** that happens through the activation of the Monolith entirely new areas of the frequency and fields of energy are being opened.

GERMAIN- CHANNELLING

ST. GERMAIN is present, we greet and thank you that you have assembled again to receive information for this New Year 2009.

What we have talked about in the old year or better, what we have talked about in a totally different area of frequency-in a so called parallel universe –was there to accustom your intellect to the New and to prepare and open it for the information, impulse and happenings that this year will bring along.

G A L A C T I C N E T W O R K

We're present today to explain to you what it is all about in this New Year-and when we say "Year" we mean time quality. But as your three dimensional **INTELLECT** is used to think in hours, days, months and years, we will stay in these dimensions.

So stay present as it is not about words that you feed your spirit with but about energy that has to be installed and held and on which can be built up.

To make it comprehensible for your human intellect we'd like to say that you start 2009 with a new level of a carrier rocket.

AND WHEN WE SAY YOU LIT A NEW LEVEL WE HEREWITH MEAN VERY ACCELERATED ENERGIES!

You might have a vague notion about what this means. As you have already experienced in the last years your time has accelerated and your human intellect has vehemently tried to rush after this accelerating time. This will no longer work, beloved spirits! You'll have to learn to free yourselves of what has hindered your accelerated development.

Can you imagine completing a final sprint with **METAL WEIGHTS TIED TO YOUR FEET?** I think we don't have to add anymore to this! Anybody can imagine what it means to be a sprint runner, totally restricted by **METAL WEIGHTS OF HABIT.**

So the year 2009 is as well a challenge as well as a big chance to fundamentally prepare for the **NEW LEVELS OF FREQUENCY** that should be manifested until the year 2010.

Once the **CHANGE OF VIEW** happens, many will be very surprised and rub their eyes as they won't be prepared. This can lead to "**SPECTACULAR PROCESSES**" if the human field of energy has not properly been installed to be connected with the new **POINTS OF SYNAPSES OF THE COSMIC COMMUNITY.**

The highest aim for the collective in the next years -that hold the number 4- should be to prepare itself profoundly for the new challenges of the change of vibrations of your planet to come.

You've already been given lots of auxiliaries, but, beloved children of this Earth, it is certainly left to your free will to how much you want to prepare yourselves profoundly, to experience a smooth transfer to a NEW **COSMIC EXPANSION OF CONSCIENCE.**

G A L A C T I C N E T W O R K

This **YEAR 2009** is a “**YEAR OF TRANSMITTENCE**” which **MANIFESTS** all that has concretely been realized and understood in 2008.

In this year you will encounter a very dynamic Martian Energy that will activate ancient **FIELDS OF KARMA** as well in the inner as in the outer sphere of the planet. Once the **FIELDS OF KARMA** of the Inner Earth respond to those of the **OUTER EARTH**, you, as well as the collective community, will argue with these energies if you don't sort out, solve and heal your themes beforehand.

We'd like to leave the understanding of this to your intelligence. We also leave it to your intelligence to understand what it means when inner fields of Karma Resonance start interacting with the outer fields of **KARMA** Resonance of the Planet.

So it might be of concern for each one of you to get cleared in order to keep the **BALANCE OF THE PLANET** outside of these **FREQUENCY OF RESONANCE** in a **PEACEFUL ENERGY**. We're present here today to inform you about that.

It is of course up to your **FREE WILL** to act or not!

The **HIGHEST HIERARCHIES OF LIGHT** have a great request to humankind. As the Energies substantially change throughout the whole **UNIVERSE OF THE INTERSTELLAR SPACE UNION**, as many new connections of Synapses want to be installed, it is important that also the **POINT OF SYNAPSIS – EARTH** finds itself in a compatible energy once this happens.

We have, in the **NEW YEAR CHANNELING** of the old year, already tried to explain what the basic prerequisite is and we won't repeat it here as you can refer to your records.

Ultimately we want to prepare you to come together very presently and actively in a **COLLECTIVE FORMATION** this year **TO ACT**. To come together to encourage each other and to help one another to manifest this **MAGNIFICENT WORK OF LIGHT**, that is planned for this Planet.

ST. GERMAIN is present, we thank you.
